

**Preliminary Amendment of U.S. National Stage for International Application  
PCT/EP03/00066 filed January 7, 2003**

**REMARKS**

Claims 41-60 are currently pending in the instant application.

The Specification has been amended to delete the original section headings and to insert the preferred section headings pursuant to 37 C.F.R. §1.77. A new Title of the Invention has been inserted. An Abstract of the Disclosure, in accordance with the disclosure, has been added. It is submitted that the amendments to the Specification made herein introduce no new matter. A separate page containing a clean copy of the Abstract of the Disclosure has been attached for the Examiner's convenience. New paragraphs and Section Headings have been added in accordance with 37 C.F.R. §1.121(b)(1)(i) & (iii), and paragraph deletions indicated in accordance with 37 C.F.R. §1.121(b)(1)(i) & (iv). Entry of the amendments to the Specification made herein are therefore proper and respectfully requested.

Original claims 1-40 have been canceled and replaced with new claims 41-60 solely for the purposes of improving clarity and grammar, which may suffer in translation, and in order to remove multiple dependencies, and not for any reason which relates to the statutory requirements for a patent. New claims 41-60 have not been added in response to any rejection, nor in anticipation of any rejection. Applicants respectfully submit that the scope of new claims 41-60 generally corresponds to the scope of original claims 1-40, and that new claims 41-60 are no narrower than original claims 1-40. Furthermore, although a moot point in view of their cancellation, Applicants respectfully submit that original claims 1-40 satisfied the requirements of 35 U.S.C. §112, as filed. New claims 41-60 are supported by the claims as originally filed and in the Specification, for example, at page 2, line 24, through page 3, line 21; and in the Examples. No new matter has been introduced. A complete listing of all claims ever presented is included herein in accordance with 37 C.F.R. §1.121(c). Entry is therefore proper and respectfully requested.
